MOUND CITY AND CHILLICOTHE WIN MUSIC CONTESTS

TWO CLASS B SCHOOLS CARRY OFF MOST OF THE HONORS

Maryville Second in Violin.

Class A Music Winners

Orchestra: Mound City, first; Chillicothe, second.

Band: Chillicothe, first; Mound City, second.

Chorus: Mound City, first; Rock Port, second.

Girls' glee club: Rock Port, first; Mound City, second.

Boys' glee club: Mound City, first; Chillicothe, second.

Boys' quartet: Mound City, first; Gallatin, second.

Piano solo: Romona Trexel, Gallatin, first; Katherine Anderson, Chillicothe, second.

Violin solo: Clair Fiddick, Cameron, first; Paul Person, Maryville, second.

Trumpet solo: H. L. Shockey, Chillicothe, first; Marjorie Paul, Mound City, second.

Mound City and Chillicothe, following the precedent of previous years, left Maryville Saturday with a majority of the Class B music trophies awarded at the spring contests. Mound City took firsts in orchestra, chorus, boys' glee club, boys' quartet, and seconds in band, girls' glee club, and trumpet solo, while Chillicothe scored first in band and trumpet solo, and second in orchestra, boys' glee club, and piano solo.

Paul Person, Maryville's only music winner, took second place in violin solo with a performance vastly improved over last year when he also placed second. Rock Port was first in girls' glee club and second in chorus, Roma Troxel of Gallatin won the piano solo, and their boys' quartet placed second. Clair Fiddick of Cameron won first place in violin solo.

Five Orchestras Compete.

Five orchestras played Saturday afternoon, each presenting the required number, "May Day Dance," by Hadley, and an optional selection. Mound City, the winner, played Mozart's "Marriage of Figaro," with excellent ensemble work, and a fine general tone quality. The woodwind section was noticeably weak, but was balanced by a fine brass section. A horn solo was especially good, as was a flute solo in the optional number. While there was an adequate number of basses, their volume was weak.

Chillicothe, winner of second place, played Schubert's "Rosamunde," with excellent interpretation and precision. Again the horn solo in the required selection was very well done. A clarinet and oboe duet was well executed, although the oboe was flat, as was the bassoon in this organization. Another bass viol could have been used to advantage, although the instrumentation was excellent otherwise. This was the only orchestra which played without a piano.

Chillicothe's band played, in addition to the required number, "Three Dances from Henry VIII," by German, Erkel's "Lazlo." Here was an excellent instrumentation, and a well executed number. The horns were an especially strong section, although the clarinets and percussion were below the average.

Closely pushing Chillicothe for first place was Mound City, playing Wallace's "Selection from Maritana." The entire brass section was outstanding, but the woodwinds were weak, and overbalanced by the more brilliant brass. A very careful and exact reading of both numbers was exhibited.

In the Rock Port band, the brass again overbalanced the reed section, but otherwise there was an excellent instrumentation. Both their required selection and the optional, "Colonel Bogey," by Alford, were played in commendable fashion.

Four Choruses Sing.

Four choruses were on the program Saturday afternoon and Rock Port and Mound City were selected as finalists. Mound City, winner of first place, sang the required number, "Now Raise Your Happy Voice," by Bach, and "Legend," by Tschalkowsky. The part singing was fine, and general tone quality quite good. Excellent following of the director was evident.

Piano, violin, and trumpet solos, boys' quartets, and boys' and girls' glee clubs

Faculty Notes

Dr. Mehus has been appointed county chairman for the emergency conservation work. He will have charge of the enrollment of young men between the ages of 18 and 25 in the reforestation project.

Mr. Stephen G. LaMar will deliver an address to the high school graduating class at Ravenwood on Thursday evening, May 4. Mr. LaMar will also be the speaker at the combined grade and high school commencement exercises at Quitman on May 18.

Dr. O. Myking Mehus of the Social Science Department attended the Missouri Conference for Social Welfare held at Columbia, April 29 and 30. He was elected a member of the Executive Committee of the organization for a two-year term.

Tuesday, April 25, at a joint meeting of Pi Omega Pi and the Social Science club, Dr. Henry Foster, head of the Social Science Department of the College, spoke on "Beasts of Prey." Immediately following the lecture Pi Omega Pi held a short business meeting.

Mehus is Elected.

Columbia—(P)—Edith R. Miller, St. Louis, is the new president of the Missouri conference for social welfare. Miss Miller, of the midwest division of the American Red Cross, was elected yesterday at the close of the 33rd annual meeting. Emil Steger, director of the St. Louis community chest, was named a vice-president. O. M. Mehus, Maryville, of the Northwest Missouri State Teachers College, was elected a member of the executive committee.

MOTHERS DAY

Plans for the observance of Mother's Day are being rapidly completed. Students, write home about it! Mothers are the guests of the College on May 12.

STUDENT SENATORS TO N. S. F. A. DIST. MEET AT KANSAS U.

ROLAND RUSSELL AND KURBY BOVARD REPRESENT M. S. T. C.

For Abolition of Grading System.

Roland E. Russell and Kurby Bovard were sent by the Student Senate as delegates to the National Student Federation of America, held at Lawrence, Kansas, Wednesday, Thursday, Friday and Saturday, April 19, 20, 21 and 22. This was the first convention of its kind to be held in this district. Students from schools in Minnesota, North Dakota, South Dakota, Nebraska, Iowa, Missouri, and Kansas were invited. The purpose of the convention was to organize the student bodies of this locality in a national movement of students; to exchange help on the various problems of student government; and to discuss problems of higher education from the students' standpoint.

Special programs and entertainments were provided. Wednesday's program included registration, first session of the convention, a tour of the Kansas University campus, and a mid-week variety dance. Thursday provided for discussion in groups.

Friday morning and afternoon were occupied with discussion. A formal banquet was given Friday evening, followed by the Senior Cakewalk with Jimmy Joy and his orchestra. Saturday concluded the discussions and finished with the Kansas Relays. Topics of discussion in which the Maryville delegates participated were: Activity Fees and Organization Finance, Student Government, Educational Methods—the group voted in favor of abolishing the present grading system and in favor of a system of passing or failing. Other topics discussed were Publications and International Relations Among Students. The expense of the delegates was \$12 registration fees and railroad expenses. These were provided by the Student Senate.

Y. W. C. A. GIRLS TO ST. JOSEPH.

Twelve Y. W. C. A. girls and their sponsors went to St. Joseph in the College bus, Friday, April 21, to visit the city. Y. W. C. A. They were shown through the building by a group of girls from the Industrial Girls' Club. Later they attended the meeting of the Industrial Workers Club at the Y. W. C. A. Here Miss Margaret Rankin and Mr. Robert Kinsley repeated their orations on International Unity with which they won first and second places respectively in the city wide Oratorical Contest.

SCHOLASTIC CONTESTS SHOW FINE RESULTS

Maryville high school, with a total of 23½ points attained in yesterday's curricular, literary and forensic events in the Northwest Missouri high school contests at the College, won the scholastic trophy. College high school was second with 17 points. Others who ranked were Skidmore, 14½ points; Gower, 11 points; Hopkins, 10 points.

A scholastic trophy had never been awarded in previous annual contests. The award is based on the school scoring the greatest number of points in the divisions of the contest mentioned. The Smithville high school cast won the finals last night in play production over the plays presented by Jamesport, who placed second with the play, "The Blue Coupon," and Hamilton who gave "Two Crooks and a Lady." The winning play was, "A Message From Khufu," by Cottonman and Shaw, and it was ably staged by the Smithville cast of four boys. The scene was the tomb of King Khufu where a professor and his assistants were exploiting for the riches of the old monarch. Three of the number met with a horrible fate, and the fourth gained his way to freedom in a manner which made a happy ending to a play which had a rather complicated series of happenings and left the audience in real doubt as to how it would end. The cast included Harold Mulligan as Prof. Hardin; Billy Waters as Ben; James Boggess as Butch, and Lyle Rhodes as Herman.

One-Act Play Preliminaries:

Smithville, Jamesport, and Hamilton were the three schools that went to the finals in the one-act play contest. "The Message from Khufu," "The Blue Teapot," and "Two Crooks and a Lady," were the plays given, respectively. Great variety in type of play and staging was shown in the production.

"The Message from Khufu" and "Two Crooks and a Lady" were tragedies while "The Blue Teapot" was a comedy. The scene in "The Message from Khufu" was in an Egyptian tomb. In "The Blue Teapot," the scene was in a farmer's home, while in "Two Crooks and a Lady," the scene was in an old rich lady's home.

Other schools entered in the one-act play contest were Edgerton, Turney, Maryville, Excelsior Springs, Fillmore, Helena, Fairfax, and Gower.

HOME ECONOMICS SHOW

One of the attractions in the Home Economics Department is a display of baby clothes arranged by one of the advanced classes. Some of the garments which the girls made are on display and, to show that baby clothes change radically in style as well as do adult garments, old-fashioned baby dresses used in 1888 and 1911 are made a part of the exhibit. As an added attraction and to illustrate how these dresses appeared on the child, photographs of the same old-fashioned garments used in the exhibit were obtained and put on display.

The girls who are in the class are: Ruth Kramer, Kathryn Cotton, Loretta Gooden, and Lucille Leason.

MISSOURI COLLEGE NEWSPAPER ASSOCIATION MEETS AT COLUMBIA

ANNUAL MEETING FRIDAY AND SATURDAY WILL BE A FEATURE OF JOURNALISM WEEK

Stephen LaMar, Geo. Walter Allen and Harold Humphrey Will Go From Here.

The Missouri College Newspaper Association will meet Friday and Saturday of this week at Columbia as a part of the activities of Journalism Week. The Association membership is made up of staff members and advisors of college papers. The meeting is sponsored by Sigma Chi Delta, journalism fraternity of M. U., and all features will be under its direction.

A feature of the meeting will be the contests for the best news story, feature write up, sport story, editorial, special column, and the best poem published during the past year. The Missourian has entered in all departments. This year The Kansas City Star will give a trophy to the paper that is judged best. The Association offers gold medals for the individual contest winners. These are now in Mr. LaMar's office on display.

Mr. LaMar is a past president of the organization and a charter member. His work on the Missourian in the past has brought many honors to Maryville and the Missourian is fortunate in having him as an advisor.

The present officers of the Association are: President, Walter Allen, Maryville; vice-president, Walter Ong, Jr., Rockhurst College; recording secretary, Walter Graham, Kirksville; treasurer, James E. Sterner, Missouri Valley College; corresponding secretary, Wilbur Heekin, Maryville; advisor, T. C. Morelock, School of Journalism, University of Missouri.

At the meeting this week new officers will be chosen for the coming year.

The Association has done much to further journalism in Missouri Colleges and the Missourian supports a program that will aid the entire association.

The Association Banquet will be held Saturday night at which time the winners will be announced. About six hundred are expected to attend.

AMERICAN STUDENTS ON PEACE

Today, throughout our land, students are considering the steps that are being taken toward International Peace. The movement is one that should come to the attention of every student interested in what the future holds for him. President Lamkin has given his permission to certain students to hold an election on the three proposals made to meet nearly all angles of the peace question. It is the duty of every one to vote on one of the three proposals. If you are against the movement you will be privileged to vote accordingly. Whatever your convictions, vote them.

The President of the United States is doing all in his power to bring the world to peaceful terms. He won't get far unless he has the proper support. If another war is fought it won't be the congressmen, or the cabinet or the President who will fight it, but rather, the student age, the youth of America. If we must fight then do it and let the job be a good one; but while there is a chance to hold our own in a peaceful manner let's secure that peace into an eternal document. The reason that Student America doesn't get anywhere with its feelings is because it is afraid, backward and regressive in the expression of those feelings. If you believe a thing say so and if you don't, then make it known. Where do YOU stand on Peace?

Student President Column

Last week the College was host to several hundred high school students who were representing their respective schools in the Spring Contests. To one not particularly interested in whether one or another of the schools won this or that contest, the optimism of all those contestants was apparent. Whether they won or lost, they were good sports. May that spirit maintain and be as a lighthouse to pessimistic college students.

After that week of interruptions, we return to regular classes and study hours, with one month of this quarter remaining, including those terrible examinations at the end, and we have no more hopes for the future than we had last month or last quarter.

We, as college students, might take new hope from what we observed of the optimistic high school students.

RAYMOND MITZEL.

To My Public

Dear Public:

Am sorry that I had to lie to you about being through writing this year but the Spring Contests brought forth a new problem that I feel must be taken care of. The usual flurries of the campus seemed to be slightly warped by an under current of nervousness, especially among the boys. It was Saturday before I found out the real cause. As I sat here in the office looking out the back window I was attracted by the "Big Parade" of college boys that were showing the visiting high school girls our "back door" campus. They almost had to talk in whispers to keep the other couples from hearing what was being said, there were so many and so close together. Most notable among these was one Kenneth Hantz (whom I used as a time "teller," because he was so regular in passing my window.) I sauntered down to the gym to take in a match or two and found the younger member of the Block brothers rooting for the girls volley ball team from Oak Grove. I asked him if he was from that school and he explained the whole thing by pointing out a fourteen-year-old blonde and showing me her name and address in a note book along with ten others on the same team. I ran onto him several times the same day and each time with a new one. Fairy Defenbaugh did her bit in the high school group Friday night. Verne Campbell's interest were confined to the Rock Port and Chillicothe groups. Forte Sandison qualified in the unlimited class and ran those events off in fine order. This could go on forever but since I couldn't be all places at all times I missed an item or two but am still wondering what "Mop Top" meant when she said "Well, Ellwood not coming up this week was a surprise but it sure worked out fine anyhow." Whether she was helping the high school boys see the campus or just wanted to get to bed early I won't know but in either case Ellwood has our congratulations for staying at home. By the way some of those girls that the junior Black was after are; Opal Pantigot, Lucille Coker, and Vernel Wuest, all of Oak Grove. The funny part of it is that outside of names and addresses he didn't get even so much as a smile. Ask Hal Bird about the captain of the Easton girls Volley Ball team. She sure handed him a curve ball. All in all I think that our visitors were made to feel at home. No one can safely say that the boys didn't try. Even the Tower boys, Al and Bill, were seen eyeing the gals when Dorothy and Aletha weren't around; and our very quiet student Vice President was seen to walk into a half open door while watching a very dangerous looking red-head in a green dress. (Speaking of red-heads, have you heard the latest of the lowest forms of humor? Well it goes like this.

"I see that John Henry Heath has a sore neck."

"You don't say? Oh, Goode, Goode."

I was rubbing John's neck at the time and got full benefit of a misdirected glass of water.

Bedonna Hallock is also good at throwing water and can really take it when the tables are turned.

Now that the high school students are gone I shall promise once more to leave you for the remainder of the year.

Nostly yours,

HUMPS.

Y. W. C. A. Holds Meeting.

The Y. W. C. A. will hold its meeting on Thursday, May 4, instead of Tuesday this week. Miss Blanche Britton, who has recently returned from three years of teaching in China, will be the speaker. Miss Britton's home is in Iowa Falls, Ia. She is a friend of Mrs. H. G. Dildine and it is through Mrs. Dildine that she is coming to speak to the Y. W. C. A.

ALUMNI

Among those seen in the halls during the spring contests: Hildred Fitz who teaches at Barnard. She has been re-elected to teach there next year.

Mrs. Walter May, who, as a music major at the college was Vera Fitz. She has been visiting her mother in Maryville.

Grace Young, a beauty queen at Warrensburg this year.

Florence Seat and Bill Geiger, both teachers at Hopkins.

Ida Beth Newlon and Virginia Wright, teachers at Gaynor.

Wanda Rleck, a student at the college last year.

Evelyn Wiley and Minietta Knox, teachers at Westboro.

Mr. and Mrs. Verdo Barnhouse announce the birth of a nine and one-half pound son. Mr. and Mrs. Barnhouse are former students of the college. Mr. Barnhouse is at present teaching at Grand River, Ia.

CORRECTION.

The name of Florence Seat was omitted from the list of teachers at Hopkins. Miss Seat has taught at Hopkins for five years and has been principal of the high school there for the past two years.

Education Department

IDEAS FROM THE MINNEAPOLIS CONVENTION.

To judge by the closing of banks and the closing of schools, the present plight of our country is not matched in the civilized world. England and Canada have hard times but the banks do not fail, and as for schools, Turkey with all her poverty opened in a single province 150 new schools last year and will open 150 more this year.—William C. Bagley, Teachers College, Columbia University.

If the political and economic leaders had followed the teachings of the schools, we should not be in our present difficulties. The schools never taught war, they taught peace; the school never taught extravagance, they taught thrift; the schools never taught disregard for law, they taught respect for law; the schools never taught national isolation and selfishness, they taught international participation and cooperation. Now the people, as they strike out blindly to save themselves from economic disaster, are about to wreck the schools as if that would accomplish their end. We can find millions for highways, billions for public enterprises, hundreds of millions if not billions, for a soldiers' bonus, but we must pare and scrimp on education. We are making helpless children and youth in need of higher training for professional leadership, pay for our folly with shortened school years and inadequate equipment, under teachers whose salaries are being reduced to the point where continued professional growth will be impossible.—Lotus D. Coffman, president, University of Minnesota.

The regional accrediting association should attempt to develop a better agreement as to the real philosophy of American secondary education and then make a determined effort to have this philosophy understood by teachers and laymen.—J. B. Edmonson, dean, School of Education, University of Michigan, Ann Arbor.

We must by all means reduce the cost of government by getting rid of waste, stupidity, and dishonesty. But we must bear in mind that when we go farther and curtail the beneficial activities of government we damage those institutions which give our property such value as it has.—Robert M. Hutchins, president, University of Chicago.

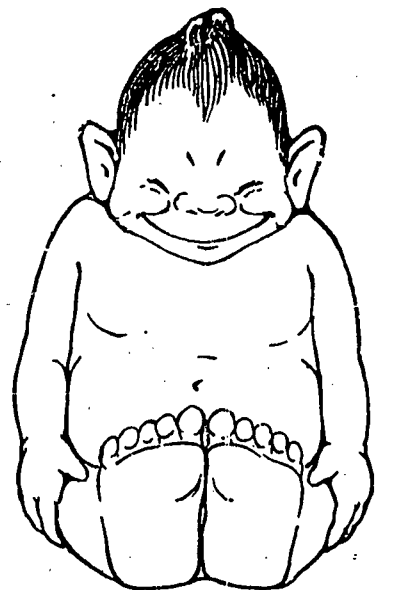

There is a form of adult education which school systems should provide in order to insure their own preservation. It is the education of the people with regard to the changes which are taking place in American schools and with regard to the reasons for these changes. The failure of schools in the past to make clear what they are attempting to do has led to some of the disastrous retrenchments which are now being forced upon the educational system during the present economic stringency.—Charles H. Judd, University of Chicago.

Pressure is being exerted to the end that the only control states have over the quality of candidates for teaching positions shall end. This will mean not only a breaking down of existing standards and a lowering of the quality of those seeking teaching positions, but a tremendous increase in the number of applicants for teaching. If salary schedules are to be maintained on any reasonable level and existing standards for the preparation and certification of teachers kept, immediate and intelligent action must be taken.—Paul O. Stetson, superintendent, Indianapolis.

Economies can be effected by the better organization and administration of

education through the establishment of larger units of administration, particularly in rural areas. Waste and inefficiency are necessarily associated with the maintenance of many units of administration so small as to render impossible any highly competent service on the part of either lay control or professional administration.—George D. Strayer, Teachers College, Columbia University.

The question: "What are the schools for?" should be raised in citizens' forums and discussion groups. Teachers must develop greater skill in teaching; they must become more capable students of social issues; they must take a more vital part in life than they have heretofore done if they are to make the social studies the core of the curriculum as they must be. Teachers must take their place in the middle of the current. It is in the power of the schools to introduce into adult life, in the almost immediate future, millions of young people educated in the problems of social reconstruction.—A. L. Threlkeld, superintendent, Denver.

TARKIO AND GRANDVIEW WON CLASS B AND C IN TRACK MEET

New Record Set
In Spring Meet.

Tarkio and Grandview High won in their respective classes, B and C, in the Annual Spring Athletic Contests held on the College Athletic Field last Friday. It was the first day in four years that rain has not interrupted the breaking of track and field records.

Neil again was the shining light of the meet. He was the only one from his school, and he won the Class C division by himself. Two firsts in field events and three first place honors on the track comprised his day's work. No contestant was allowed to enter more than three track and two field events under the new state high school ruling. Neil ran the century in 10.1 to tie the meet record; he hit 20 feet, 10 inches from the "take-off" board in the broad jump and cleared the bar in the high jump at 5 feet 8 inches. A new meet record in the 220 yard dash was set by this young "flash" when he skimmed down the straight away in 22.5 seconds, lowering the former record one-fifth of a second. In the 440 yard dash, Neil was pushed at the finish by Stephens, of Weston, but the one-man track representative was too much for the down-state opponent.

Owens of Maryville was high point man for Class B, taking firsts in the shot put and javelin, and third in the 120 yard high hurdles.

The meet summary follows:

One of the features of this year's spring contests was the tennis tournament, in which twenty schools were entered. This year the championships were divided between two schools, Rock Port winning both the Girl's Singles and Girl's Doubles brackets and Liberty taking both the honors in the Boy's brackets. Mabel Mercer was again able to overcome her last year's opponent from Chillicothe, Leona Moser, in the girl's singles. After having to quit on account of darkness with the games tied nine up Liberty, succeeded winning the next two games from Rock Port in the Boy's Doubles which swung the tide allowing them to win the next two sets 6-3, 6-3. J. Simrall was able to defeat his opponent for the Boy's Singles crown, a sophomore from Rock Port, with considerable ease, the count being 6-0, 6-1, 6-1.

The winning girl's doubles team, Ruth Chamberlain and Mary Marlett, of Rock Port, won their crowns by defeating the team from Gallatin.

A fast Easton team defeated Grant City 41-19 in the finals of the girls volleyball tournament in the annual Northwest Missouri high school contest. Grant City advanced to the finals in a thrilling victory over Oak Grove 33-30, while Easton downed Maryville High 60-12.

Results on the first rounds of play were:

Grant City, 56, Fortescue, 14.
Easton, 39; Rock Port, 13.
College High, 35, Clarkdale, 29.
Maryville, 34; Clearmont, 23.
A thrilling victory over Oak Grove 33-30, Oak Grove, 41; College High, 13.

GALLATIN WINS GIRLS' BASEBALL TITLE

Gallatin won the girls indoor baseball tournament Saturday afternoon by winning over Fortescue 6-2.

In the early rounds of play Maryville high defeated Ravenwood 30-17, Fortescue defeated Graham, while Gallatin won over Mound City 11-7. In the semi-finals Fortescue won over Maryville while Gallatin went into the finals on a bye.

Rain interrupted the play Saturday morning causing a delay until in the afternoon.

TRACK SQUAD WILL GO TO PERU FRIDAY

Coach E. A. Davis with his track squad will journey to Peru, Neb., Friday, where they will engage in a dual affair with the Nebraska Teachers. Those almost sure of making the trip include: Stubbs, Alams, Arnote, Mutti, Payne, Gray, Mitzel, Goodman, Johnson, Sloan, Tracy, Purse, Barrett, Jones, Rice, Minor, Black and Shelby.

Last year the Bearcats turned back the Peruvians in a dual meet. Many will remember the performance of Cowden, Peru broad jumper and high hurdler. Jumping 23 feet, 7 inches in the local pit, he set a record that will not be broken very soon. The Northwest Missourian is uncertain as to whether or not he is in school again this year.

VOLLEY BALL OFFICIALS

The girls' volleyball officials at the spring contests were: Lillian Blanchard, Marion Tollaksen, Emily Jones, Frances Todd, Virginia Curnutt, Willa Porch, Naomi Broyles, Lola Belle Suterlin, Rose Graves, Joyce Neal, Margaret Wilson, and Anita Aldrich.

BEARCATS WON FROM KANSAS AGGIES 11-4

BEARCAT BATTERIES ARE WOODS AND O'CONNOR.

Hodgkinson Hits Homer.

The Bearcat baseball team under the direction of Coach Iba opened the season with a decisive victory here last Thursday against the Kansas Aggies from Manhattan by a score of 11-4.

A big sixth inning rally when Maryville took advantage of the breaks and pounded the ball at will for numerous hits, took a lead that the visitors were unable to overcome.

The work of Woods, Bearcat moundsman who went the route for Maryville was worth comment. The "Little Fellow" allowed only seven hits and striking out four opponents. He gave walks on two occasions.

Hodgkinson contributed a homer in the sixth to score Woods and Milner, adding three scores to the three made earlier in the same inning. Seyster, new shortstop, also showed his worth at the plate when he hit well in pinches.

A peculiar incident occurred in the game. An Aggie slugger hit a fly to right-center. Mann, center fielder for Maryville, endeavored to recover the ball from the ground, but met with great surprise when the ball stuck in the fork of a young elm tree. Working fast under such difficult circumstances Mann was able to hold the man on third base.

The Aggies succeeded in handing the University of Missouri two defeats over the week-end, defeating Wagner, star hurler in the Big Six. It was Wagner's first conference defeat in his college career.

The score by innings:

	R	H	E
Kansas Ag.....	0	10	0
Maryville.....	11	4	0

Batteries: Kansas Aggies—Nelson, Hines, Marshall and Watson; Maryville—Woods and O'Connor.
Umpire—Everett Shelton, Phillips University.

ALBANY BOY WINS GOLF TOURNAMENT

Donald Thrailkill of Albany won the Northwest Missouri high school golf tournament held Saturday at the Maryville country club. Thrailkill shot 86-87 to defeat Eldon Norman of Chillicothe who carded 88-88 in the two eighteen-hole rounds.

Bohm Townsend and Fred Crawford were in charge of the tournament.

GAME POSTPONED

The baseball game between Maryville and the Kirksville Bulldogs which was to have been played last Monday afternoon has been postponed to a future date.

A noon-day rain made the diamond too muddy for the game and Kirksville returned home soon after their arrival here.

Exchange

Southwest Missouri S. T. C. faculty members receive an additional 10 per cent cut quoth the Standard. Don't we all? quoth Maryville faculty.

According to the Aberdeen, S. D., Exponent, a father made this comment: "How quickly the little ones grow up! You no sooner get through sitting up with them than you're sitting up for them."

Dean Ruth Schall, Dean of Women at Park College for almost thirteen years, died Saturday. Mrs. Schall had been ill since Christmas vacation.

The Central Collegian at Fayette in the Miscellaneity column makes a plea for its beautiful campus. So saith the writer, "Isn't there some way to keep our campus from being plastered with a lot of campaign signs this spring? We really have a beautiful campus; why make it look like an auction sale? Everyone knows everyone else here. Centralites are not morons who are influenced by a big display. We are in a period of depression, so let's forego all the Tammany hokey this year."

How about it, Maryville S. T. C.? Think it over.

The Montanomal of the Montant State Normal College lists the Seven Ages of Women.

1. The infant
2. The little girl
3. The miss
4. The young woman
5. The young woman
6. The young woman
7. The young woman.

Ain't it the truth?

The Stroller

On the village promenade some Saturday nights back, Russell Hurley chanced to see a good-looking blonde standing in front of the ten cent store. Summoning up his courage, Mr. Hurley asked the young lady if he might see her home. He received this answer, "No, I am just waiting here for my husband." It was noticed that Russell did not wait.

The Stroller wonders why a certain little girl from Stanberry told Ferdinand (Tarzan) Glauser that he was absolutely the "cutest" boy in school. Mr. Glauser's phone number, girls, is Han-amo 1831!

The Stroller understands that Raymond Mitzel has taken charge of designing the costumes for the May Fete. There really is not anything like a good old fashioned reformer on the campus anyway.

The Stroller would like to know what Nadine Wooderson was doing sitting on the floor of the library.

Gamma Chapter of Sigma Mu Delta Inspected.

At a special meeting of the Gamma Chapter of Sigma Mu Delta, Sunday April 30, Mr. Maurice C. Mays of Emporia, Kan., was present for chapter inspection. Mr. Mays is the National president of Sigma Mu. With Mr. Mays was Mr. Lynn Munroe of Kansas City who assisted in the work. Mr. Munroe is Field Deputy of the National Council. Mrs. Munroe accompanied him on the trip.

A STUDENT'S VIEWS ON UNEMPLOYMENT

It cannot be denied that unemployment is one of the greatest problems facing us today and that a solution of this problem would be at least a partial solution of that greatest of all problems, the depression.

Unemployment may be divided into three classes, seasonal, cyclical, and technological. Seasonal unemployment is the result of the type of work engaged in. Building and canning trades are examples of industries in which seasonal unemployment is prevalent. Cyclical unemployment results from fluctuation in business activity while technological unemployment results from improvement of labor-saving machinery.

Even in periods of prosperity there are unemployed estimated at approximately one million. During periods of cyclical unemployment this number normally rises to about six million, but in 1932 the number of unemployed was estimated at fifteen million.

When one considers that the average American family is five, the extent to which the United States is affected can more easily be visualized. However, because many of the unemployed are unmarried, the average number of people depending on one wage earner would probably be cut to three; but even with this reduction it may be seen that approximately 40 per cent of our population must depend for existence upon their savings or the savings of society supplied in the form of charity. Such conditions cannot go unremedied. The picture of 45,000,000 unemployed maintaining a bare existence contrasted with the one of almost unlimited national wealth is the most severe indictment against our present system for the distribution of the products of industry.

VERNON NASH SPOKE TO CITIZENSHIP CLASS

After he had spoken at the assembly last Wednesday, Mr. Vernon Nash, a journalist who has been doing journalistic work in China in connection with the University of Missouri, was asked by Dr. Foster to speak to the citizenship class at 11 o'clock. Instead of speaking generally on the subject of China, Mr. Nash allowed the students to ask questions about different phases of the Chinese nation.

Students asked questions regarding educational methods in China and were a bit surprised when told that China's schools, for the most part, were carried on by the parents of the pupils. Many interesting answers were given to questions such as this and many remarks were heard complimenting Mr. Nash.

ODE TO THE MUMPS (Helen Kramer)

What could be more unromantic
From Pacific to Atlantic
From the Arctic Zone to Tropic
Than that ever-swelling topic
Mumps! !

First your neck feels awful sore
Like you'd hit it on the door
Then your jaw begins to swell
And you think: "Geegosh oh h - - -
MUMPS? ? ? ?

Then your mama sees your plight
"Come here, child, d'you feel alright?
Let me see that precious neck—
"Does it hurt there where I peck?"

Next she tries the famous test,
Better by far than all the rest.
All you do is eat sour pickles
There's just one answer if it tickles:
Mumps! !

As a result of your infection
You wish to look at your reflection
But you think, at the sight of it,
"When they're well my skin won't fit."

Now the mumps are nearly gone,
Always darkness brings the dawn.
Never again should you be sad,
Your worries are over when you've had
Mumps! ! !

Phi Gamma Mu Banquet

The annual banquet of Beta chapter of Phi Gamma Mu, national honorary social science fraternity of the State Teachers College, was held at 8 o'clock yesterday evening at the First M. E. church. The principal address to

the members and guests was given by Miss Blanche Dow of the department of foreign languages who discussed world peace and disarmament.

The hall was decorated in streamers of gold and purple, and this scheme was followed in the table decorations and in the centering of flowers appropriate to the spring season. Each guest was indicated a seating place at the table by cards.

Special recognition was given to the five new members who were recently voted into Phi Gamma Mu by the social science faculty. Each student has maintained an average of "S" (satisfactory) in subjects taught in the department of social science. The new members are Mrs. Elizabeth Odell Smith, Miss Mabel Wells, Frank Westfall, Mrs. Lucille Hass Wilson and Miss Mary Seat.

Miss Myrtle McMullin was toastmistress at the banquet.

The program was as follows: Invocation, Dr. H. G. Dildine. Piano solo, Junior Porterfield. Welcome to new members, T. H. Cook. Response, Mrs. Elizabeth Odell Smith. Welcome to alumni, Dr. Henry A. Foster.

Those present at the banquet were Miss Blanche Dow, Dr. H. G. Dildine, T. H. Cook, Dr. Henry A. Foster, Mr. and Mrs. Hubert Garrett, A. J. Caulfield, C. E. Wells, Miss Mabel Claire Winburn, Miss Bertha E. Northcutt, Wilbur Heekin, Junior Porterfield, Miss Mildred Wiles, Miss Mabel Wells, Miss Myrtle McMullin, Miss Mary Ellen Dildine, Mrs. Elizabeth Odell Smith, Miss Florence Seat, Mrs. Ida Grubbs, Miss Mary Seat, Mrs. Lucille Hass Wilson, A. F. Smith and George Walter Allen.

Confidence was expressed by Miss Dow in the efforts of world statesmen to meet increasing demands toward disarmament and the establishment of an international order as will mean years of unbroken peace.

Entertain Sorority Alumnae

Mrs. Melvin Vail and Mrs. Robert Mountjoy entertained the Alumnae of the Alpha Sigma Alpha with a party at 8 o'clock Saturday evening at the home of Mrs. Mountjoy. The first part of the evening's entertainment was devoted to a surprise shower for the twin daughters of Mrs. Clun Price. Games were played later and refreshments served.

Those present were Miss Nell Martindale, sponsor; Mrs. Jack Rowlett, Mrs. C. T. Bell and Mrs. Price, Patronesses; Miss Sarah Frances Rowlett, active and the Misses Irene Smith, Juanita Marsh, Winifred Todd, Sylvia Glauser, Ruth Harding and Mrs. H. S. Thomas.

Entertain Glee Clubs

Members of the College High Glee Club were hostesses at a tea, Thursday, April 27, in Residence Hall, held in honor of the competing glee clubs in the contests. Miss Evelyn Kreider sponsors the Glee Club. Other guests were Dean Pike, Miss Fisher, and Miss Estelle Campbell.

A dance given last Friday noon by the Student Senate for the participants in the Spring Contests was well attended.

Miss Margaret Sutton and Miss Virginia Myers were guests at the Alpha Sigma Alpha House for the week-end.

Scholastic Contests Show Fine Results

(Continued from Page 1)

The grain judging contest, held in room 221 at eight o'clock Friday morning, was an affair which tested skill not only in judging the difference in grains but also in judging the quality of grain within the type. The contest was divided into two classes, Class A and Class B. Many schools did not enter a contestant.

The team from Maryville won the Class A contest. Grant City won second place. In the Class B contest, Skidmore won over their opponents, the Clearmont team.

George Hill, from Maryville, and Bobby McClurg, Skidmore, were high ranking individuals in their respective classes.

Results of Creative Oratory:
1st—Harold Mulligan, Smithville.
2nd—Clifton Schindler, Oak Grove.
3rd—Paul Brattatrom, Kidder.

Results of Interpretative Reading:
1st—Dorothy Barrett, Jameson.
2nd—Mary Isabel Cochran, Breckenridge.
3rd—Marjorie Hobbs, Brimson.

Plays:
Smithville High School presenting "A Message from Khufu" by Cottenman and Shaw, won the finals of the spring contest play production over Jamesport who placed second with "The Blue Tea Pot" written by Jean Latham. C. Pilot's play, "Two Crooks and a Lady" presented by the Hamil-

ton High School cast won third place in the contest.

The winning play was presented by a cast of four boys, the caliber of whose acting seemed much above the usual high school standard. The scene was the tomb of an ancient Egyptian king, Khufu, where Professor Hardin, played by Harold Mulligan, and his assistants, Ben (Billy Waters), Butch (James Boggess), and Herman (Lyle Rhodes), were searching for the riches of the old monarch. Due to the complicated series of events which took place immediately following the discovery of a large emerald in the hand of Khufu and which led to the death of three of the number, the fourth gaining his way to freedom in a most unusual manner, the audience was kept in constant doubt and suspense.

Lyle Rhodes, playing the part of Herman, gave an excellent performance, and Billy Waters, as Ben, showed unusual dramatic ability. The production was characterized by a forceful presentation in which all of the players were above average and which gave a remarkable unity to the play.

The all-star cast of Northwest Missouri selected from the best dramatic talent of the eleven plays presented during the play production contest, judged by H. Jerome Smith, a graduate of S. T. C., follows:

Carlyle Breckenridge.....Turney
Merle Cook.....Turney
Byrl Dickie.....Maryville
Jack Arnold.....Jamesport
Mary Louise Tyl.....Jamesport
Harold Mulligan.....Smithville
James Boggess.....Smithville
Dorothy Kuhn.....Fillmore
Margaret Atchison.....Gower

Results in Interpretative Oratory: 1st, Harold Swofford, Excelsior Springs; 2nd, Alton Hanroth, Westboro; 3rd, Edward Daniels, Barnard.

Results in General Science: 1st, Gordon Davidson, Elmo; 2nd, Erwin Scott, New Hampton; 3rd, Ellen Ray Burk, Mound City.

Results in Physics: 1st, George Elliott, Union Star; 2nd, Franklin Burnet, Hale; 3rd, Robert Smock, Maitland.

Mound City and Chillicothe Win Music Contests

(Continued from Page One)
were featured this morning, as the final day of the annual spring contests were started. This afternoon preliminaries were held in chorus, band, and orchestra, and tonight the climax of the class B music contests will be reached when finals are held for chorus, band, orchestra, and trumpet solo.

Four contestants vied for honors with trumpet solos this morning, and two, H. L. Shockey of Chillicothe and Marjorie Paul of Mound City were chosen to play tonight in the finals. Shockey, playing the "Carnival of Venice," by Clarke, exhibited a fine, full tone, and clear cut technique. His opponent tonight, Miss Paul, played "Cavalier Polka," by Losey, with much the same quality of tone and technique.

Plays Difficult Number.
Stanberry's contestant in trumpet, Robert Dix, played the difficult "Whirlwind Polka," by Lewis, and at times exhibited even better technique than the finalists. However a simpler selection might have been to his benefit, as well as a closer attention to rhythm and time. Wilbur Sparks of Savannah played "Ave Maria," by Gounod.

A feature of the violin contest was Clair Fiddick, Cameron sophomore, who was accompanied at the piano by his eleven year old sister. Fiddick played Deriot's "Concerto No. 9," showing excellent technique, tone quality and interpretation.

Maryville's entry, Paul Person, who placed second last year, showed vast improvement in his performance this morning. He played Dancle's "Fifth Air Varle," with a fine exhibition of technique, tone quality, and rhythm.

The Better Shows

Tivoli—

Wednesday and Thursday, May 3-4:
"When Strangers Marry" is quite a new type of story in the film line. Starring Lillian Bond and Jack Holt, this queer story of love and hate brings a new view on feminine emotions. The story of a woman who turned from the man she loved to the man she hated is well depicted by Miss Bond and Mr. Holt. The supporting cast includes Arthur Vinton and Barbara Barondess.

Friday and Saturday, May 5-6:
"The Past of Mary Holmes." This story brings one of the most emotional pictures of the year to the screen. Starring Helen Mac Kellar, as the mother who grew to hate her own son, the picture ranges through a lovely romance only to be topped at the end by the mother's hatred. Eric Linden and Jean Arthur uphold the romance of the picture. The picture is based on Rex Beach's story the "Goose Woman." This is truly a fine picture and one that appeals to nearly all emotional classes.

Sunday, Monday and Tuesday, May 7, 8 and 9:

"Christopher Strong." Here is a picture with a cast and a theme that will thrill you for days. Starring Katharine Hepburn, new emotionalist that has risen in leaps and bounds, who is supported by Colin Clive and Billie Burke, this story of unbridled emotions shows the star at her best. Miss Hepburn's work with John Barrymore in "A Bill for Divorcement" started her on the stardom ride that is reached in this picture. It's entertaining and clean.

Missouri—

Wednesday and Thursday, May 3-4:
"The Sin of Madelon Claudet." Starring Lewis Stone and Helen Hayes, this story of a mother who sacrificed all for a moment of happiness, shows you how she paid throughout life for her mistake. The playing of Miss Hayes is superb and is well supported by Lewis Stone.

Friday and Saturday, May 5-6:
"The Infernal Machine." Featuring Genevieve Tobin and Chester Morris is an unusual tale of a strange trip on an ocean liner that has a timed bomb among its freight. The bomb is timed to go off at twelve o'clock midnight. See what happens when it explodes. The supporting cast includes the following: Victor Jory, with Elizabeth Patterson, James Bell, Arthur Hohl, Edward Van Sloan and Josephine Whittell, all of whom are highly satisfactory in their roles.

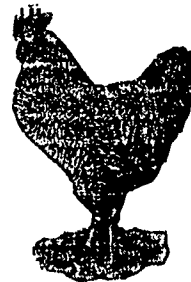

Sunday, Monday and Tuesday, May 7, 8 and 9:

"Cavalcade." Lead by Diana Wynyard and Olive Brook, this picture promises to be the leading show of the year.

"Cavalcade" is a story of how world events affect the home and the family. It is the story of the Maryrorts, a middle class family consisting of Jane and Robert, the mother and father; their two sons, Edward and Joe; their servants, Bridges, the butler, Ellen, his wife, and Fanny, their daughter.

It covers the period from 1900 to the present day, and the absorbing story is etched against a vivid background of historical happenings during that time.
